The Christmas Party was held on December 14<sup>th</sup> with a great turnout. If you did not attend please think of joining us in 2017!

Derby Shoots are continuing until March 12<sup>th</sup>. While 2 of the shoots have been cancelled due to weather we hope the remainder will be able to be held. The jackpot is still available to be won so please join us for the competitions.

The club continues to struggle to find trap help. If you know of any student that would like to work please let us know. They do not have to be a trapshooter as we can provide training – just be reliable!

We are pleased to announce that we are able to maintain current prices for 2017 at this time.

The Spring league will start on Tuesday, April 11<sup>th</sup> and will continue for 6 weeks. The league is an individual competition with 6 rounds of singles & 6 rounds of handicap to be shot by May 21<sup>st</sup>. The cost to join is \$5 and the entry fee will be paid back to the top shooter/shooters. A sign up sheet will be at the desk.

Summer league will start on Tuesday May 23<sup>rd</sup> with the Captains Meeting on Tuesday May 9<sup>th</sup>. All Captains should attend the meeting to register their teams and review any rule changes. If you would like to participate in the league but don't have a team, please let a board member or desk help know and we will get your signed up on a team.

A reminder that the club will be closed for Easter on Sunday April 16<sup>th</sup>.

The club will be hosting High School Shoots on Saturday April 8<sup>th</sup>, April 22<sup>nd</sup> & May 13<sup>th</sup>. There is well in excess of 100 shooters in each competition and the club is asking for members to help with

trap loading. If you can help out on part days or full days please let us know – we would appreciate your help!

The component buy information is enclosed for our 2017 buy. The forms need to be returned to the club by Sunday, February 26<sup>th</sup>. The pick up dates for the components will be Saturday March 18<sup>th</sup> & Sunday March 19<sup>th</sup>. If there are any shortages in the order components will be on a first come, first serve basis.

IMR has introduced several new powders, they should be in stock for our component buy delivery – they are IMR “RED” and IMR “GREEN”. Gayle Lawson has looked up the loading specifications for the above mentioned powders and they appear to be replacements for Alliant RED DOT and GREEN DOT respectively. They are priced below the Alliant products. If you are interested, go to the Hogden reloading website and compare them to the data for Red and Green Dot powders. They will probably require a different powder bushing than used for their Alliant counterparts.
