2020 has definitely brought us challenges, both in our individual lives and activities at the club. Once we were able to reopen, the remaining ATA shoots and league competitions took place as scheduled. We appreciate the return of all shooters.

With the cancellation of the state shoot, Otter Creek was able to hold a 4-day ATA Championship (COVID Classic) shoot in July. The remaining ATA shoots for the year took place as scheduled. Even with the challenges, we had great attendance at all the shoots.

Because of COVID, it has been decided that we will not hold a Christmas Party this year for the safety of our club family. We look forward to hosting one in 2021.

Derby's will continue until March. They are held every other Sunday starting at noon. Please come and join us for some fun shooting and food. **Due to COVID, it is strongly suggested to check the Otter Creek website for any changes to this schedule!**

Otter Creek will be offering shooting clinics again this year:

Nora Martin Ross: April 22-23 & 24-25. Cost for the 2-day clinic is \$350.

Harlan Campbell, Jr.: May 20-21 & 22-23. Cost for the 2-day clinic is \$375.

Please expect to shoot 12-14 rounds with a cost per round of \$5.50. Please contact Steve Manary smanary@southslope.net for further information and registration.

If you are looking for Christmas gifts for that shooter, Otter Creek offers T-Shirts

(long and short sleeve), sweatshirts, hoodies, stocking caps and shooting gloves. We have a variety of colors available. We also offer gift certificates!

REMINDER – For up-to-date information on club activities/shoots, please follow us on Facebook and our Website. Our IT committee (Darin) does a fantastic job of keeping everything up to date with all the necessary changes that happen due to COVID. These are the best resources for accurate and up to date information!

EFFECTIVE IMMEDIATELY: Otter Creek will not be open on Tuesdays thru February! We will continue to be open on Sundays from Noon until 4pm.

With regards to the annual upcoming component buy in the spring, the current shortage of all components will cause issues for all of us. Further information will be provided in the Spring Newsletter.
